

Periodic Table of Chemistry Students

Objective: To create a tile depicting specific properties about yourself. In small groups and as a class organize them in a periodic fashion similar to the periodic table of elements.

Student Tile:

Your tile will follow the format below and must be completed on the provided card stock. Any additional artistic touches are allowed as long as the lay out below is adhered by:

<ul style="list-style-type: none">• Birth Day• Male or Female• How many years in FW School District• Number of siblings or Pre AP and AP classes this year• Favorite sport or activity• Future career or life aspiration• Best gift you have given someone else• What I can do to make the world a better place	<div>Picture</div>
<div>Name</div>	
<p>Describe yourself in 20 words or less OR describe the most embarrassing or humorous situation you have been in within the last year</p>	

You are encouraged to be as creative and colorful as possible. If you would like to complete this digitally you may just make sure the dimensions of your tile are 8.5"x 8.5"
